3 Oakwood Springs Sanitarium

THIS Sanitarium was founded by Dr. Oscar A. King in 1884, and was especially designed and equipped for the treatment of nervous and mental diseases, particularly those requiring guardianship.

The park in which the Sanitarium is built consists of seventy-three acres beautifully wooded, with hills and lake, while through this park flows the sparkling little White River, the outlet of Lake Geneva.

The rooms are large, with pleasant views from the windows. There are indoor and outdoor games and amusements, walks and drives and companionship.

Above all, in importance, is the active and confident treatment employed.

Lincoln Park Hospital

(INC.) Long Distance Tel. North 1934
500 La Salle Ave. CHICAGO, ILL.

Lincoln Park Hospital, located at 500 La Salle Avenue, three blocks South of Lincoln Park, is the finest residence part of the North Side of Chicago, and in its construction, equipment, furnishings and sanitary environment is unexcelled. The building is a four story brick and stone structure, rebuilt for its present use, after years of hospital experience, and has a capacity of fifty beds for patients. The most exacting surgical cleanliness is maintained at all times and throughout all parts of the house. The rooms are newly finished and the building is completely detached on all sides, giving perfect light and ventilation in every room. A new steam plant has been installed. All floors are hard wood, and there are baths on every floor with modern plumbing throughout. Since being completed, the hospital has been inspected by a large number of professional and non-professional men and women, and their criticisms have been those of approval and approbation. Any physician may bring cases here, have full charge of his patients and prescribe his own treatment. **RATES:** Private rooms with general nursing, \$15, \$20, \$25, \$30 and \$35 per week. Wards, with general nursing, \$8, \$15 per week. Special Nurses \$15 per week. Nurse for cases outside the hospital, graduates \$25 per week. The hospital has equipped an X-Ray and electro-therapeutical laboratory to aid physicians and surgeons who patronize the hospital in making or confirming their diagnosis of doubtful cases.

INSTITUTE OF THE Chicago Movement Cure

We solicit cases of Neurasthenia, Neuroses, Locomotor Ataxia, Muscular Atrophy, Pseudo-Muscular Hypertrophy, Chorea, Raynaud's Disease, Writer's Cramp, Neuralgia, Peripheral Paralysis, Muscular Rheumatism, Neuritis, Oedema Lateral Curvature of Spine, Rickets, Weak Feet, Anterior Metatarsalgia, Sprains, Synovitis, Joint Affections, Thickening of Joint Capsules, Strumous Synovitis, Relaxation of Ligaments, Periarthritis, Rheumatic Gout, Etc.

ESTABLISHED IN CHICAGO IN 1867

We desire to have the profession make a thorough investigation of our establishment. It is but recently that Massage, Ling's Swedish Movement Cure and Mechanical Vibration has been perfected into an improved therapeutical system which has won for itself the merit of having become a special branch of the art and science of medicine. We desire to impress upon the fraternity that it is unnecessary

to allow their patients to drift into the hands of questionable persons or institutions when all the rights and interests of the physician will be safeguarded at our establishment and directions carefully followed.

We manufacture a Composite Machine comprising all the mechanical movements used in this establishment. This we sell for \$75.00. It is a Sanitarium in any Doctor's office. Will pay for itself in 30 days. No necessity of paying five prices for vibrators when you get vibration, body massage and kneading all in one machine.

KENILWORTH SANITARIUM

THE Kenilworth Sanitarium is entirely new and was constructed and equipped to supply the demand for a first-class neuropathic and psychopathic hospital, easily accessible to the residents of Chicago and vicinity. ¶ It is situated about half a mile due west of the Kenilworth station (C. & N. W. Ry.), six miles north of Chicago, from which, in addition to steam and trolley cars, it may be reached at all seasons of the year by a good carriage road. ¶ The grounds consist of ten acres lying nearly one and one-half miles from the shore of Lake Michigan and the distance from car lines and other sources of noise is such as to insure practically complete rural quietude. ¶ The accommodations for patients consist of six independent groups of from six to seven large bed rooms, some of which are so constructed as to be impervious to noise, a spacious sitting room and corridor and two bath rooms, one of which in each group is planned to be used en suite when desired. There are also four separate dining rooms. Thus it will be seen that the supreme importance of thorough classification in institutional treatment of the neuroses has been duly recognized. ¶ There is an electric passenger elevator, electric lighting, and a complete system of telephones. ¶ The warming is by steam, both direct and indirect radiation having been provided to each sleeping and sitting room. ¶ Both floors and finish are of hardwood throughout the building and the appointments are all first-class. ¶ Ample provisions have been made for the employment of the most approved diagnostic and therapeutic methods.

THE Columbus Hospital at the corner of Deming Place and Lake View Ave. is most beautifully located, facing Lincoln Park. The Hospital is well appointed in every respect for the treatment of Medical, Surgical and Maternity patients. Infectious cases of any kind are not admitted. The rooms are commodious, well ventilated, heated and lighted with electricity all through the Hospital. The operating and sterilizing rooms are furnished with all modern appliances. There is an X-Ray laboratory for fluoroscopic examinations and treatment and a well equipped laboratory for chemical and microscopical work, giving physicians a valuable aid in diagnosis. Three physicians are in constant attendance and the patients are attended by well trained, conscientious nurses.

— THE WORLD RENOWNED —

Shelton Portable Vibratory Outfits.

The Most Compact and Mechanically Perfect Portable Electrical
Vibrator Ever Constructed.

RESULTS are being obtained from the Shelton Vibrator that have astonished the most skeptical physicians because of the deep penetration that may be obtained by reason of the high frequency of the pulsations. ¶ Each vibrator has a ten foot double reinforced rubber cord attached, which gives free movement to the operator. ¶ Weighs only three pounds and can be regulated while in motion, and on the heaviest vibratory stroke the operator absolutely cannot feel any vibration in the handle. ¶ Gives an infinite number of different grades of vibration and can be regulated to give from ten to thirty thousand vibrations per minute, with two distinct movements, the heavy "up and down" stroke and the wave, "rotary" or (Swedish Massage) movement.

The Largest and Most Thoroughly Equipped of Sanitariums.

The Battle Creek Sanitarium management were the first to organize a thoroughly complete system of physiological therapeutics. Water-cures had existed before—eclectic institutions, mineral springs, and similar establishments—but the Battle Creek Institution was the first to organize a system and method embodying all physiological agencies.

Nearly forty years' experience in this institution has demonstrated that the great majority of chronic invalids, of all classes, including many considered incurable, can be trained up to a state of healthful vigor by a systematic regimen, based upon scientific principles, combined with a thorough-going application of the resources of hydrotherapy, phototherapy, thermotherapy, massage, Swedish movements, Swedish gymnastics, electrotherapy, and the open-air treatment, guided by the exact findings of bacteriological, chemical, microscopical, and other accurate methods of examination.

Special ward for surgical cases, with perfect appointments.

For further particulars write for booklet "D C."

What is wanted
in
TUBERCULOSIS

1. A bronchial sedative
2. An anti-fermentative.
3. An appetite stimulant.
4. A general tonic.
5. An intestinal antiseptic.
6. A better method of administering guaiacol and creosote than hitherto offered.

What is given
in
GUAIA TONIC

1. A bronchial sedative.
2. An anti-fermentative,
3. An appetite stimulant.
4. A general tonic.
5. An intestinal antiseptic.
6. A better method of administering guaiacol and creosote than hitherto offered.

Why does GUAIA TONIC do this

Because by the use of the soluble sulphonates of guaiacol and creosote combined with hypophosphites, it is possible to quickly saturate the patient with such doses as will not derange digestion, but markedly stimulate appetite.

The formula tells the story

Each dram contains	{	Guaiacol sulphonate, 2 grs. Creosote sulphonates, 2 grs. Strychnine Hypophos, 1-256 gr. With Hypophosphites of Quinine, Iron, Manganese and Potassium to make one dram.

and Vitality

Can only be derived from

Natural Foods

BENOLD'S WHOLE WHEAT BREAD

is made daily from freshly ground selected wheat kernels, the utmost cleanliness being observed. It is therefore a fine and fragrant flavor, while it possesses all of the nutritive constituents required by the human body, and is one of the best balanced food materials that man can eat. It has protein for muscles, brain and nerves, fat and carbohydrates for animal heat, mineral matter for the bone and tissues, and hence comes nearer to being the real **STAFF OF LIFE** than the debilitating white bread.

Benold's Whole Wheat Bread

It is more nourishing than meat

It cures stomach and bowel trouble

It is a natural remedy for constipation

It Wonderfully increases muscle and Brain Power

It gives each organ new vitality

It will bring you health and success

UNPOLISHED RICE

**The Great Staple of the Orient. The Food That Has Won the Japanese
Victories**

Rice forms the principal food of one half the population of the earth. It is more widely and generally used as a food material than any other cereal. The Kiushu or Japan rice now in process of introduction into this country is especially rich in gluten, fat and organic salts, hence is ranked high in flavor and nutrition. This rice is very nutritious and easily digestible, but unfortunately all the rice sold in the western world today has undergone a process which is called "polishing." Fashion demands rice having a fine gloss, just for appearance's sake. To supply this, the rice is put through the polishing process, which removes some of the most nutritious parts of the rice grains, especially fat and some very important organic salts, as those of IRON, MAGNESIUM and SILICON.

Having made arrangements with one of the largest rice mills in the South, I am now in the position to offer the public the very best grade of UNPOLISHED JAPAN RICE at 10 cents a pound. Quantities of fifty pounds will be sent express prepaid to points east of the Mississippi and north of the Ohio rivers on receipt of \$5.00. Where the express charges are too high, I advise shipment of 100 lbs. by freight. Price, \$7.00 f. o. h. Chicago.

Double Rice-Boilers from 75 cents to \$2.00

Sample by mail on receipt of 10 cents.

Sent Check, P. O. or Express money order.

3 LAKE GENEVA SANITARIUMS 3

2. LAKESIDE SANITARIUM

LAKESIDE is a general Sanitarium for Medical cases. It consists of two buildings in a handsome grove of ten acres on the shores of Lake Geneva. It is provided with modern baths, superior equipment, gymnasium and indoor and outdoor amusements. The rooms are large, with pleasant outlook, and the required number with private baths.

Surgical cases and Mental cases are not admitted at Lakeside, but are treated at the Surgical Hospital and at Oakwood Sanitarium respectively; distant a half mile from Lakeside, in separate grounds.

THE MEDICAL STAFF is competent. The equipment, with laboratory aids to diagnosis and means of treatment, is conscientiously employed to the fullest measure of the abilities of the attending and resident staff.

The nurses, bath-attendants and masseurs are selected for their competency and skill in the service required of them.
